

# Recognition on AMAP Website & Webcast

All Sponsors receive recognition on the AMAP website and on printed banners displayed throughout the conference. Sponsors will also receive recognition during each break at webcast sessions.

As a Sponsor, your company name will be mentioned to a webcast audience that includes Owner Agencies and Contractors throughout the U.S. and Canada.

ANNUAL CONFERENCE & WORKSHOP

**AMAP** **MODIFIERS BRING ASPHALT TO Life!**  
MODIFIEDASPHALT.ORG  
21st Annual Conference & Workshop | February 11-13, 2020 Rancho Mirage, California

Modifiers Bring Asphalt To Life is more than a snappy tag line. Modifiers make asphalt better, providing long lasting, cost-effective highways and a quiet and smooth driving experience. With the addition of modifiers, asphalt touches our lives in the form of better aviation runways, running and bicycle paths, race tracks, and roofing products for our homes and businesses. Without modifiers, asphalt would not be nearly as versatile.

Each year, AMAP brings together industry leaders and technology experts to discuss successful modified asphalt projects as well as advances and changes in technology and industry needs. Prior to the Conference, we conduct our highly regarded Modified Asphalt Workshop. Six professional development hours are awarded for attendance. Our next Conference will be held February 10 - 13, 2020 at the Omni Rancho Las Palmas Resort in Rancho Mirage, California.
